## GUNS BOOM NEAR PORT ARTHUR TODAY

Big Battle Believed to be in  
Progress There.

More Details of Yesterday's Disasters  
to the Japanese Ships and  
Army.

### LARGE NUMBER OF CASUALTIES

received from Chefu stating that  
heavy firing has been heard in the  
direction of Port Arthur today, and it  
is believed a battle is being fought  
there.

damaged off Port Arthur is denied.

### RUSSIANS REJOICING.

St. Petersburg, May 20.—Not until  
this morning did the disaster to the  
Japanese war vessels Hata-sue and  
Yoshino, near Port Arthur, become  
generally known here. Immediately  
large crowds took possession of the  
principal streets and there was  
general rejoicing. The sinking of the  
warships is attributed here to an  
attack on Japanese by Russian torpedo  
boats and not to floating mines.

### TAKING KAICHOW.

London, May 20.—An official report  
regarding the taking of Kaichow by  
the Japanese last Monday is just re-  
ceived here. It says the place was  
defended by the Fifth, Fourteenth  
and Sixteenth sharpshooters infantry,  
and eight quick firing guns. The  
Russians left on the field thirty dead  
officers and men. The total casualties  
of the Russians was three hundred.

### JAPS LAND AGAIN.

the Japanese minister, is advised of  
the landing of the Japanese army at  
Takushan. This place is on the east  
coast of the Liao Tung Peninsula, a  
short distance southwest of Antung.

### RUSSIANS DRIVEN BACK.

Washington, May 20.—Advices re-  
ceived at the Japanese legation from  
Tokio confirming the sinking of the  
cruiser Yoshino and the battleship  
Hata-sue state that after the Hata-sue  
had been struck by Russian mechan-  
ical mines a Russian flotilla of 16 tor-  
pedo boats and destroyers appeared,  
but were repulsed by the Japanese  
cruisers, which saved 300 of the Ha-  
sue's crew, including Admiral Ma-

## NO CHOICE MADE AFTER 58 BALLOTS

And Illinois Republicans Ad-  
journ Until May 31st.

The Government May Bring Suit  
Against the Tobacco Trust  
Shortly.

### THE LYNCHING OF A TRAMP

conclusion of the 58th ballot for gov-  
ernor today the Republican conven-  
tion adjourned until May 31.

### AFTER TOBACCO TRUST.

Washington, May 20.—There is a  
possibility that the tobacco trust will  
be included in the alleged unlawful  
combinations against which proceed-

suit.

### NEGRO TRAMP LYNCHED.

Weldon, N. C., May 20.—A negro  
tramp giving the name of Dick White-  
head, was arrested here for alleged  
criminal assault on a seven year old  
colored girl. While the officer was  
taking him away in a buggy a crowd  
of negro tramps seized the prisoner  
and lynched him.

### WASHINGTON ASTIR.

Washington, D. C., May 20.—A  
moving picture machine supposed to  
have been hired to make a picture to  
be used to stir up race prejudice, and  
feeling against President Roosevelt in  
the south, is the latest thing to be  
talked of here. It is claimed that yester-  
day near the White House, which  
locality was selected to make the pic-  
ture seem genuine, a supposed negro  
fell to the pavement and a man made  
up to resemble President Roosevelt,  
rushed to the rescue and helped him  
up, then offering him a cigar and  
tipping his hat to him. All this trans-  
pired in front of a moving picture ma-  
chine, and as soon as the incident  
was over all concerned entered car-  
riages that were in waiting and drove  
away. It is reported that the man  
who impersonated the president was  
Lew Dockstader, the minstrel.

ering the landing of troops near Kai  
Chau on Monday, a fierce engagement  
occurred at Hei Yen Cheng. Two  
thousand Russians were killed or  
wounded. The Russians retreated  
and the Japanese occupied both Kai  
Ping and Kai Chau.

The Chinese governor at Chen Chau  
has received news that the Russians  
have destroyed the railway between  
Tashichao and New Ohwang.

### SEVERAL KILLED.

Tokio, May 20.—A report reached  
here that a force of Japs reconnoiter-  
ing in direction of Shan Chu Cheng  
repulsed a force of Russians. Japanese  
lost five killed, Russians fifty.

## FOUND PROWLER IN HIS BEDROOM

Engineer Burch Disturbed by a  
Midnight Caller.

Alleged Forger Brought Back—Woman  
Wanted Case Against Him  
Dismissed.

### SUSPECT RELEASED TODAY

Engineer Frank Burch, who lives  
at 1111 Monroe street, awoke about  
3:30 o'clock this morning to find a  
young white man in his room, not far  
from his bed. About the same time the  
man discovered that he was observed  
and made a bee line for the door,  
through which he escaped. Mr. Burch  
reported the matter to the police, but  
was unable to give any description of  
the burglar, except that he appeared  
to be a well dressed and youthful look-  
ing white man. The man had too  
good a start for Mr. Burch to overtake  
and capture him. His object was no  
doubt robbery.

The man had just entered the door  
when he was discovered, and had on  
a white cap. Engineer Burch pursued  
him some distance out Monroe street.

James Williams, white, who was  
arrested here Wednesday night for ob-  
taining money by false pretenses, was  
released this morning, the evidence  
not being strong enough to justify the  
Memphis authorities to risk the ex-  
pense of returning him to Memphis  
where he is alleged to have committed  
the crime.

Williams is alleged to have repre-  
sented to G. A. McMichael in Mem-  
phis that he was an employee of the  
Mundy carnival shows and was him-  
self proprietor of two of the shows.  
He explained that he needed \$20 and  
if McMichael would advance him that  
amount he would give him a job. The  
money was advanced and Williams  
skipped out. McMichael is a glass  
blower and secured employment in  
the carnival glass blowers' show and  
when the carnival opened here, saw  
Williams. He informed the police and  
had him arrested, but the Memphis  
authorities didn't think they could  
make a case.

Captain Joe Woods, of the police  
force, returned this morning at 1:20  
from Memphis, Tenn., where he had  
gone after W. M. Douglas, wanted  
here for forgery.

Douglas returned without requisition  
papers. He is alleged to have  
forged Mrs. William Perpoli's name  
to a \$100 check on the Paducah Bank-  
ing Co. and his case was continued in  
police court this morning.

Mrs. Perpoli, who is widow of a  
railroad man killed recently in the  
yards here, went to the city this  
morning and made affidavit that she  
was mistaken in the man and wanted  
the warrant dismissed, and Judge  
Sanders and County Attorney Graves  
continued the case until Monday for  
further investigation.

Officer Aaron Hurley who disloca-  
ted his left leg near the ankle Saturday  
night while trying to board a moving  
street car, is out today on crutches.  
This is the first day he has been out  
since the accident.

Citizen Kidnapped in Morocco—  
Hanging in Maryland.

### A BIG TRADE REVIVAL

Gibraltar, May 20.—A British tor-  
pedo boat sailed for Tangier on advices  
from the Canary Islands, which states  
that the American fleet which has  
been there is proceeding to Tangier.  
These warships are to give force to  
the demand of the U. S. consul  
Gummere, that the Sultan obtain the  
release of Mr. Perdicaris, an Ameri-  
can citizen and Mr. Varley, a British  
subject, who were kidnapped by  
Morocco bandits Wednesday night.

### HANGED FOR MURDER.

tempt was made to lynch him.

## CAIRO OFFICIALS VISIT PADUCAH

Mayor Winters and Chief of Po-  
lice Price Here.

They Are Being Shown About Paducah  
and Accorded Every  
Hospitality.

### "DOING" THE CARNIVAL, TOO

Mayor Claude Winters, chief of  
Police Ben Price, and Alderman J. H.  
Mulcahy, of Cairo, arrived this morn-  
ing to attend the Paducah carnival.

They were met at the train by  
Chief of Police James Collins who has  
been busy today showing them about  
the city in a carriage. Mayor Yeiser  
and other public officials have also  
paid their respects to the visitors  
who will be shown through the carni-  
val by the officials of the city.

Chief of Police Price, of Cairo and  
President Charles Reed, of the Pa-  
ducah board of aldermen, fought in  
the same regiment in the civil war  
and renewed acquaintance today and  
discussed old times. It is a singular  
fact that both served in the same reg-  
iment and are now both aldermen.

The distinguished visitors from  
Cairo have received a warm welcome,  
and if all the Cairo people are like  
they are, Paducah would like to have  
them all come up and either visit or  
reside permanently.

They were much impressed with the  
size and progress of Paducah, of which  
they were shown a great deal in the  
forenoon.

## MRS. FEASTS' CASE DISMISSED TODAY

Her Slander Suit Against Fath-  
er Auer Appealed.

Did Not Amend After Demurrer Was  
Sustained—Police Court  
Proceedings.

### NEWS IN THE OTHER COURTS

The case of Mrs. F. Feast against  
Rev. Auer was today finally dismissed  
and the courts ruling on the demurrer  
was appealed to the court of appeals.

The plaintiff, Mrs. Forence Feast,  
sued the minister for \$5,000 for al-  
leged slanderous words, and the de-  
murrer of the defendant to the peti-  
tion was sustained, but the plaintiff  
was given leave to amend her petition,  
which she did not do. The court this  
morning absolutely dismissed the peti-  
tion and the plaintiff then took an  
appeal on the action in sustaining the  
demurrer. The plaintiff and defend-  
ant reside at St. John's, this county,  
and Father Auer is priest at the Cath-  
olic church there.

The case of Given Clark & Co.  
against the I. C., was continued.  
W. K. Ledbetter was this morning  
given a judgment against the Paducah  
Cooperative Co. for \$91.85 for tim-  
ber he sold the defendant. The judg-  
ment was for the entire amount the  
plaintiff asked for.

The motion of the plaintiff for a  
new trial in the case of L. A. Becker  
& Co. against W. F. Alvey was over-  
ruled and an appeal granted.

The case of the Illinois Canning Co.  
against Livingston was dismissed.

The two cases of W. J. Hendrick  
against the Paducah Coal and Mining  
Co. were dismissed without prejudice.  
He sued for a fee for negotiating the  
sale of bids for the defendants.

In the case of John G. Lovett  
against Felix Rudolph, administrator  
of W. D. Pace, the jury returned a  
verdict of \$150 for the plaintiff for  
services rendered W. D. Pace in the  
suit of Jennie Downs against W. D.  
Pace.

Pace employed Attorney Lovett to  
represent him in the case where the  
plaintiff was suing for services as a  
nurse. She wanted \$1,000 and Lovett  
won the case for the defendant who  
later died and Lovett received no fee.  
Rudolph was appointed administrator  
and Lovett sued for his fee of \$150,  
which the jury gave him.

The jury in the case of Edmund  
Moore against George O. Wallace &  
Co. yesterday afternoon late brought  
in a verdict for the plaintiff awarding  
him \$150 damages for injuries sus-  
tained in an accident at the Alden  
Knitting mills. Moore was employed  
in the mills and while riding on an  
elevator was injured by the elevator  
falling two stories. The boy asked for  
\$5,000. Attorney R. T. Lightfoot  
represented the plaintiff and Wheeler,  
Hughes and Berry the defendant.

conduct was fined \$20 and costs and

good behavior in the future.

year have returned from Louisville

## AFTER MANY YEARS CITY FILES SUIT

Claiming the East Tennessee  
Company Operates Illegally.

Asks That it Be Ousted and That  
\$50,000 Profits Be Refunded  
the City.

### SUIT AMOUNTS TO LITTLE

The city of Paducah this morning  
filed a suit against the East Tennessee  
Telephone Company in circuit court  
here asking that it be prohibited from  
operating in Paducah, and for a judg-  
ment against it for \$50,000 claimed  
as the profits it has made since it has  
been in business here.

The attorneys for the city are J. C.  
Flournoy, Cecil Reed, City Solicitor  
E. H. Puryear and Attorney General  
Hays, and they allege that the com-  
pany hasn't a franchise, which the  
company has never claimed to have.

The general opinion is that the suit  
is nothing but a tempest in a teapot.  
One of the city officials admitted  
today that the company's action  
in testing the license ordinance  
was the main reason the suit today  
was brought, indicating that malice  
rather than the belief that the com-  
pany has violated the law, prompted  
the suit.

Attorneys Wheeler, Hughes and  
Berry represent the East Tennessee  
Telephone company, and it was given  
out at their office today that the com-  
pany has always been operating under  
a legal grant or charter given years  
before there was such a thing as a  
franchise, and the court of appeals has  
decided in several similar cases that  
such concerns did not have to secure  
a franchise when the new constitution  
went into effect.

Even should it be proven, however,  
that the company operated without a  
franchise contrary to law, the fact  
that the company has operated in Pa-  
ducah all these years without the  
city's ever claiming it was operating  
illegally, would give it a legal right  
to continue. It will be shown, and  
shown quickly, they claim, that the  
company is doing business legally in  
the city of Paducah. The main  
incentive for the suit is to get even  
with the company for filing the writ  
of prohibition against the city to  
prevent the collection of two licenses,  
it is further claimed. Or possibly the  
city expects to bluff the company into  
paying the \$1 each on the poles with-  
out protest.

## WILL ACCEPT

REV. MURRAY'S FRIENDS SAY  
HE WILL NOT DECLINE.

Baltimore, Md., May 20.—The Rev.  
Dr. John G. Murray, just elected  
Episcopal bishop of Kentucky, has  
returned from New York. It is an  
open secret among his friends that  
Dr. Murray will accept the new honor,  
and it is expected that his letter of  
acceptance will at once be forwarded  
to the Kentucky diocese. Dr. Murray  
is one of the most brilliant men in the  
Episcopal church and is regarded in  
the highest esteem in Baltimore, but  
among churchmen generally it is ac-  
cepted that the high honor accorded  
him in Kentucky is beyond declina-  
tion.

## NOT SERIOUS.

DR. J. T. REDDICK EXPECTED  
BACK FROM LEXINGTON  
TODAY.

Dr. J. T. Reddick is expected home  
this evening from Lexington, where  
he has been attending the Kentucky  
State Medical society meeting. In-  
formation received by relatives from  
Dr. Reddick states that the injury he  
received on the streets of Lexington,  
from a stone thrown in a row between  
college boys, was not serious.

Mrs. John O'Brien, of Metropolis,  
is visiting Mrs. Aaron Hurley.

## FREE THEATER AT WALLACE PARK

Mr. Mat Kusell to Establish an Innovation This Summer.

Paducah Is Placed on a Circuit with Twelve Good Cities—Opening May 30.

PARK PRIVILEGES AWARDED

Mr. Mat Kusell, of Chicago, lessee of the Wallace park theater, was at the Palmer house today and has made arrangements for opening the theater May 30, with the National Stock company, now at the Pike theater, Cincinnati. Mr. Kusell left at noon, and his local manager, Mr. Harry Nye, will arrive today to remain during the season.

Mr. Kusell will inaugurate a new plan for the theater this summer. It will be free to all who ride out on the cars. There will be reserved seats which may be had for ten cents, but 500 seats will be absolutely free to car patrons and Mr. Kusell guarantees that he will have only the best of attractions. There will be a change of play three times a week, and a change of company every two weeks. Mr. Kusell has taken a long lease on the theater, and has placed Paducah on a circuit with the following twelve cities, which shows what a fine class of attractions he is to offer Paducah theatergoers this summer: New Albany and Anderson, Ind.; Mt. Vernon, Newark and Piqua, O.; Champaign, Bloomington, Danville, Cairo, and Springfield, Ill.; and Keokuk, Iowa, Paducah making the twelfth.

The refreshment privileges were awarded to Mr. James Vlahos, the Greek confectioner, and the music contract to Prof. Wm. Deal.

The performances at the theater will begin promptly at 8:15 every evening and end at 10:15, and there will be a twenty minutes intermission between acts for refreshments and to allow the audience to walk about the park.

### THE GREATEST CIRCUS OF MODERN TIMES.

Call all the others what you will, but when all is said and told and retold, there is but, one Grand Circus which is in every particular and details the greatest and grandest of the entire world's circuses, and that is the Sells & Downs' United Shows that are coming to Paducah on May 26 in all its regal magnificence, its unrivaled splendor, its unequalled numbers and vast proportions. Under the greatest city of show, white tents ever erected on any grounds will be seen fully one hundred—count them!—fully one hundred and fifty superior and supreme acts too numerous to classify, too many too name, too multifarious to describe. Bareback riding, hurdling, trick, fancy and menage riding, aerial acts, grand gymnastics, tumbling, vaulting, leaping, athletic and contortion feats, juggling, equilibristic pole balancing, breaking ladders and other acts.

This season Sells & Downs have secured the Famous Pontiac Zouaves, the finest drilled soldiers in the world, and Capt. Winston's Wonderful Seals and Sea Lions. They are trained to play the banjo, drums and sing comic songs. In fact, they are marvels beyond description.

### HURT AT PADUCAH.

While in Paducah Tuesday on business H. G. Cosby had the misfortune to run a rusty nail into his foot. The injured member soon began to swell and upon the arrival of the Cowling here in the evening Mr. Cosby was unable to walk. The injury was properly looked after when he reached home and prospects for a reasonable quick recovery are good.—Metropolis Herald.

Ria Janerio—Investigation shows there is no truth in the reports that Brazilian officials had stopped a British ship at Manaus on the Amazon river May 13.

Indianapolis, Ind.—Gov. and Mrs. W. T. Durbin will start next spring on a foreign tour that will last about a year.

## ECZEMA

The World's Greatest Skin Humour.

Affects Every Age and Condition.

The Only Sure Cure is Cuticura.

If there were not another external skin disease known, eczema would be a sufficient infliction on mankind. It pervades all classes, and descends impartially through generations. While some are constantly enveloped in it, others have it confined to small patches in the ears, on the scalp, on the breast, on the palms of the hands, or the limbs, etc., but everywhere its distinctive feature is a small watery blister, which discharges an acrid fluid, causing heat, inflammation, and intense itching, scaling and crusting.

The Cuticura treatment is at once agreeable, speedy, economical and comprehensive. Bathe the affected parts freely with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment to allay itching, irritation and inflammation, and soothe and heal, and, lastly, take Cuticura Resolvent, or Pills, to cool and cleanse the blood. This treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning and scaly humours, and points to a speedy, permanent and economical cure of torturing, disfiguring humours, eczemas, rashes and inflammations, from infancy to age, when all other remedies and the best physicians fail.

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per box of 50). Ointment, 25c. Soap, 25c. ## TO FINANCE THE NEW ELECTRIC ROAD

Stockholders in Paducah and Cairo Road Go to New York.

Have Assurance of Interesting Capital and Building the Electric Line.

A PROMISING FIELD HERE

Messrs. J. J. Freunlich, Paducah, W. H. Pamul, Louisville, and L. B. Whitesides, of New York, expect to leave for New York Tuesday for the purpose of financing the Cairo and Paducah electric railway, plans for which were put on foot several months ago.

These three gentlemen are stockholders in the projected road, Mr. Whitesides, a cousin of Dr. C. E. Whitesides traveling out of New York. An effort was made some months ago to secure the necessary funds, but money was tight then and it was decided to wait awhile.

It is believed that the road can now be financed, and for the purpose the three gentlemen named will leave for New York Tuesday, and expect to be absent two weeks.

The Cairo and Paducah electric road was surveyed, and right of way secured, a year or more ago, and was done so quietly that few, if any, knew anything about it until the line was surveyed. It is intended to build an electric line to East Cairo, Ky., and run over the Illinois Central bridge into Cairo, if suitable arrangements can be made.

It is only a matter of a few years until Paducah is connected with all the surrounding towns by electric roads, and while the pioneers will have a harder time of it than those who undertake such projects later on, these Paducah men who intend to build to Cairo are undaunted in their determination to build the road, and will doubtless succeed.

Having to lay upon my bed for fourteen days from a severely bruised leg I only found relief when I used a bottle of Ballard's Snow Liniment. ## GREAT TREAT IS PROMISED PUBLIC

Teachers to Hold Last Literary Meeting the 27th.

Program Is One of the Best Ever Prepared—A Successful Year.

On the afternoon of Friday the 27th, the last literary meeting of the season will be held by the teachers of the Paducah public schools at the High school and an interesting program has been arranged. This program is one which will attract in any playhouse under an admission fee, but will be free to all and the public is cordially invited to attend.

Miss Ada Brazelton, of the High school, arranged the program and has carefully selected the numbers and arranged them in the best manner possible. Some very good musical numbers are shown and the teachers expect to have the entertainment well attended by their friends.

The program is as follows: General Instructions—Supt. C. M. Leib.

Violin solo, "Il Trovatore"—Mr. Clifford Reddick.

Reading, "The Soul of the Violin," with musical accompaniment—Miss Anna Larkin.

Soprano solo, "Because I Love You, Dear"—Miss Mae Ammon.

Reminiscences—Prof. J. T. Ross.

Piano solo, Selected—Miss Isabel Mohan.

Reading, Selected—Miss Frances Herndon.

Vocal quartette, "Moonlight Will Come Again"—Misses Grigsby and Brazelton, Messrs. Alexander and Payne.

Picture Contest.

Reading, "An Alabama Rhapsody"—Miss Elizabeth Singleton.

Closing Song.

The teachers have been very successful with their literary work this past year and feel gratified over it. The programs were arranged in advance, printed in book form and every teacher came prepared. The work was this year made a part of the teacher's regular duty, and they entered into it with a sense of pleasure and interest, making it a recreation instead of a duty or labor.

No regular program had been arranged for June, and as a finale to the season's work, Miss Brazelton set about to give the public a treat which it is safe to say will not be passed by.

Mr. Dan Bailey returned from Florence this morning.

### ALDERMENS' BRIEF MEETING

Both the board of aldermen and the board of education held meetings last night, but remained in session a short time only. The meeting of the aldermen was the regular session and on account of the carnival, adjourned after a few minutes' session until Monday. The meeting of the school board was a called one, and principals for the public schools were elected.

### SCHOOL BOARD.

The school board met in special session last night for the express purpose of opening bids and awarding the contract for printing a book of revised rules, but no action was taken in this matter, the board consuming all the time in election of principals to the different schools.

Principal Payne of the High school, was re-elected and his salary fixed at \$1200 per annum. It was decided that in addition to Prof. Payne an assistant principal be elected to have charge of the primary grades of the High school downstairs. Another teacher will be added to the high school to teach science exclusively.

Principal Sugg was re-elected and his salary fixed at \$90 per month. He was assigned to the Franklin school. The balance of the principals' salaries were fixed at \$80 per month except in the cases of the colored principals.

Prof. Ross was re-elected principal of the Lee building; Prof. Alexander elected principal of the Jefferson school and Miss Emma Morgan elected a principal again and given the Long-fellow school formerly assigned to Prof. Sugg.

Prof. A. M. Rouse, who has been at Franklin building, is the principal left out. It is understood he was not an applicant.

Prof. Benton, colored, was re-elected principal of the Lincoln school and his salary fixed at \$60 per month. Prof. T. D. Hibbs was re-elected to the principalship of the Garfield school with a salary of \$45 per month.

One important action taken by the board last night was the matter of transferring all the Seventh and Eighth grades of all schools to the High school building on West Broadway, except the Seventh grade at the Franklin building. With the addition of an assistant principal for the primary and intermediate grades of the high school building, the teachers will be enabled to handle more pupils.

The matter of opening bids and awarding the contract for printing them in book form, was deferred until the next meeting.

### BOARD OF ALDERMEN.

President Reed and Alderman Davis were absent. Alderman Greif was elected to fill the chair in the absence of the regular chairman, and after the reading and adoption of the minutes of previous meetings, the bills against the city were presented and allowed.

Mayor Yeiser stated that the board of public works had recommended that a telephone be placed in the street inspector's office and it was ordered that the new phone be taken from the city hospital where it is rarely ever used, and placed in Street Inspector Esker's office. The board then adjourned until Monday night.

### AN UNUSUAL HONOR FOR J. J. SAUNDERS

Former Paducah Man Secretary  
of Episcopal Diocese.

The First Layman on Whom the  
Honor Was Ever Con-  
ferred.

### IS A VERY POPULAR MAN

Mr. John J. Saunders, formerly manager of the R. G. Dun agency at Paducah, and a son-in-law of Mr. M. B. Nash, of Paducah, is thus spoken of by yesterday's Courier-Journal:

John J. Saunders returned yesterday from Hopkinsville, where he attended the Diocesan Council of the Episcopal church and was elected secretary of the diocese to succeed the Rev. Dr. M. M. Benton, of this city. Mr. Saunders is the first layman on whom the honor was ever conferred in the diocese of Kentucky, and the distinction is one for which his friends are offering the warmest congratulations. Mr. Saunders was elected to succeed Mr. Benton, and Mr. Benton was elected to succeed Mr. Saunders, the two men reversing positions. Mr. Benton had formerly been secretary, but declined re-election, as he did not have the time to devote to the duties of the place. He accepted the place of assistant secretary, however, the duties of which are less exacting.

In connection with the honor of being elected the first lay secretary, Mr. Saunders was appointed business manager of the Bishop's Letter, a monthly publication of the Episcopal church.

He is one of the most popular business men of the city. He is 38 years of age, and 23 years ago began work for R. G. Dun & Co., and has been with that company constantly since that time. After working a number of years in Louisville, he was sent to Paducah, in 1889, as manager of the company's office there. He

remained there for three years, and was then sent to Louisville as assistant manager, which position he has held until now.

In addition to his church work Mr. Saunders is active in the promotion of the city's commercial interests, being a director of the commercial club and one of its most substantial members. He was appointed chairman of the entertainment committee of that organization on Tuesday.

Mr. Saunders will be formally elected captain of company D. of the First Kentucky regiment tonight, and was a member of the famous Louisville Light Infantry in the olden days. He also has a bump of athletics and was a stockholder in the first organization that was perfected to give Louisville baseball after the withdrawal of the National league from this city.

### TODAY'S SCHEDULE.

Henderson at Paducah.  
Vincennes at Cairo.  
Hopkinsville at Clarksville.

By sudden bunching of hits in the ninth inning, Paducah defeated Vincennes yesterday in a shutout game, the score being 5 to 0. Freeman pitched the game for Paducah and yesterday being ladies' day, the grand stand was packed and one of the largest crowds ever assembled to see a game of ball in Vincennes witnessed the first shutout for Vincennes, and saw Paducah warriors tie the home team for second place in the percentage column.

Score by innings:  
1 2 3 4 5 6 7 8 9—r h e  
Paducah, 0 0 1 0 0 0 0 0 4—5 8 1  
Vincennes, 0 0 0 0 0 0 0 0 0—0 4 4  
Batteries—Freeman and Land for Paducah; Edmund and Lemon for Vincennes.

The Vincennes fans attribute the defeat of their team to the pitching of Edmund who was tried yesterday from an independent team at Washington, Ind. Paducah bunched her hits and played almost a perfect game. The first run was made by Paducah's center fielder in the third inning and in the ninth when the Ken-

tucky warriors began to pound Edmunds, Vincennes players seemed to lose their head and Smeltzer's wild throw in the ninth brought in two of the four runs made that inning. The runs in the ninth inning were made by Potts, Land, Violet and Gilligan.

The locals returned from Vincennes this morning and are this afternoon playing the first of a series of three games with Henderson.

New suits for the Paducah warriors have arrived and will be worn today for the first time. The suits are of dark blue material and on the shirt is one large white P. The caps are white of the college style and the stockings striped.

The following is the lineup of the Henderson team for today:

Reddick 2b; McNutt rf; Bensley 1b; Bohanan 3b; Crowder ss; Copeland lf; Wernecke cf; McKenna c; Smithers p.

Magill or Lloyd will pitch this afternoon for the locals and Land will do the backstop work.

J. F. Shuster, the K. I. T. umpire, will handle the indicator for the Henderson series.

### CAIRO LOSES AGAIN.

Cairo, Ill., May 19—Cairo experienced the mortification of a shutout at the hands of the Henderson boys the score being 5 to 0. This makes the second game lost by the Cairo team.

### HOPTOWN WINS ANOTHER.

Hopkinsville, May 19—Hopkinsville defeated Clarksville by a score of 4 to 2, making three straight games taken from the Tennessee boys. There were no sensational plays made.

## SMALL PAY FOR TEACHERS.

The election of principals for the schools of Paducah and the salaries named for them, calls attention to the shamefully small salaries paid our public school teachers. As a matter of fact, Paducah is not paying as much to her teachers as many much smaller cities. If anyone ought to be well paid, it is the school teacher. On his or her ability and success with the child, depends largely the success of the man or woman in after life. Today Owensboro, Ky., a much smaller city than Paducah, and with perhaps 10,000 people less, is paying the superintendent of its schools \$100 a year more than Paducah is paying. The main trouble is not that Paducah can't afford it, but simply that too much money is wasted for other things. The city is sometimes unable to give the schools the necessary amount of money because under no circumstances under the present charter can more than 35 cents on the \$100 be appropriated for the schools. But the city could at least see that the taxable property is assessed properly, and if this were done more funds would be raised for the schools, as well as for the city. It should be a matter of shame and mortification to the city of Paducah to have it known that the teachers in the public schools are not paid as much as some day laborers.

It is known that the board of education favors liberal salaries for teachers, and it is hoped that they will as soon as possible find some way to pay them. Of all those who are paid out of public funds for services to the public, none is more worthy of generous remuneration than the public school teacher.

The Republican state conventions are about over, and President Roosevelt is as good as nominated. He has no opposition, and the few states that didn't instruct for him would have done it had it been necessary. And the beauty of it all is that he will be elected as easily as he is to be nominated.

People down town regret to see "blackberry winter" leave for only one reason. Warm weather compels them to keep the doors open and be constantly reminded of the ubiquitous

and inevitable Hamburger man on the corner.

Mr. Hearst is objected to by some of the Kentucky Democrats on the ground that he is crazy. Most any man is who would undertake to beat President Roosevelt.

King Carnival is having a high old time. Last night was one of the liveliest both down town and at the carnival, in the city's history.

NEWS OF

Observations taken at 7 a. m. River 13.4 on the gauge, a fall of 0.9 in the last 24 hours. Weather clear and warm. Temperature 68 with north-west winds. S. A. FOWLER,

The Russell Lord burned her boilers in Tennessee river and is coming down slowly, having been temporarily repaired. She will be repaired here by the Jackson Foundry & Machine Co. Mr. James Bond, the chief engineer, is here looking after the work.

The low pressure side-wheel Jacob Strader went to Nashville during the last days of the war and was commanded by the late Capt. Mose Anders. She was over 300 feet long and could not turn around in the river except at a few places between Nashville and the mouth. The Richmond had her cabin and machinery, but was never as fast as the Strader.

An interesting feature of the great World's Fair at St. Louis will be the exhibition of a fully-equipped light-house, which will be under the care of a capable keeper (different one each month) selected according to the best records made in the discharge of their duties. Ephraim Meekins, Jr., of the Cape Hatteras light, is the first one to be chosen, and will be followed by others. The millions of citizens that live on and near the coast hardly ever realize that there are millions of other citizens of this country who live inland, that have never seen but have heard a great deal about light houses. This exhibition will give anyone who is able to visit St. Louis this summer an opportunity to see a lighthouse in working order.

## MR. JOHN QUIGLEY

He was married in this city to Miss Annie Thomas, who died several years ago. Two children, Miss Catherine Quigley of this city, and Mr. Thomas Quigley, who is attending school at the Virginia Military Institute, survive him. He also left besides his mother and father, one sister, Mrs. George Langstaff, and one brother, Mr. Clair Quigley, both of this city.

Mr. Quigley was for a number of years manager of Morton's opera house, and afterwards, up to the time his health failed, was a bookkeeper for S. Fels & Co., wholesale clothiers. He was a quiet man, but was very popular with those who knew him and will be missed by many friends.

The body will be brought here for burial, but it is not known just when the remains will arrive, and no funeral arrangements have been made.

## DIED OF CANCER

MRS. ALICE JOHNSON HAD  
LIVED HERE MANY YEARS.

Mrs. Alice Johnson, aged 43 years, died of cancer at the city hospital last night about 10:20 o'clock after an illness of about two weeks.

She had been a resident of Paducah for many years and resided most of the time on North First street opposite the ice factory in a small brick house which burned a few years ago. After that she moved to the outskirts of the city and finally went to St. Louis. "She came back to Paducah a few months ago and when she became ill was taken to the city hospital where she succumbed to the cancer."

The funeral was held this afternoon at 3 o'clock, burial at Oak Grove cemetery.

## PAINFUL INJURY

RESULTS FROM A FALL TO MISS CATHERINE QUIGLEY.

Miss Catherine Quigley fell down a flight of stairs at the Washington school yesterday, and sustained painful bruises. The young lady was coming down the stairs, when some one behind her stepped on her dress, and caused her to fall for some distance.

Mrs. George Langstaff yesterday broke the little finger of her right hand by getting it caught under the heavy lid of a refrigerator.

## "A LOVELY DAY"

NOTHING TO CRY ABOUT.

"Coffee broke down my nervous system so completely that I was almost beside myself and would cry at the least thing."

"One day a person said: 'Lovely day isn't it?' I burst into tears like a silly fool. Finally we decided it would be best for me to take a little rest; so we prepared to break up the home my husband, our little child and I loved so well, and go away until my health was improved."

"While away I met a lady who on account of indigestion had for some time past been living for months on broths and the like, but who at this time fortunately for her, had quit coffee and was using Postum, and at the time I became acquainted with her had got so well she was eating anything and everything she desired with no bad effects. She even carried the Postum with her whenever she went on a visit."

"This living testimonial was enough to convince me the Postum letters have more truth than poetry in them, so I decided to quit coffee and try Postum myself. It was certainly interesting as well as surprising to note the effects the change wrought in me. At the first the coffee had such a strong hold on me to discontinue it, affected me as the giving up of opium might a constant user of the drug but this gradually wore away and within one week I felt like a different person. Very soon my friends commenced to remark: 'My! How well you look and aren't you getting stout?'"

"It was very astonishing to find that from 111 pounds, which I weighed at the start of my Postum treatment, in less than 5 months I tipped the scales at 135 and I am now healthy, and strong again and have not felt so well for years since drinking Postum and doing away with coffee which was undermining not only my own but my husband's health as well. We would not go back to coffee for anything on earth. We are now back again to our happy home life, well and contented."

"So I call Postum the 'Home Maker.' Name given by Postum Co., Battle Creek, Mich."

Dist that ruins the health ruins the home. Postum is a home maker and there's a reason.

## ELEGANT QUARTERS

The Chess Checker and Whist Club in New Room.

One of the Most Elegantly Equipped Social Clubs in the State.

Paducah now boasts of a metropolitan club with quarters as large and elaborately furnished as any club in a town of Paducah's size.

This club is the Chess, Checker and Whist Club, organized three years ago by a few business and professional men who had been making the Van Culin book store a sort of place of meeting. Mr. Nolan Van Culin is one of the founders of the Club and is the man who originated the idea of such an organization.

The club was organized with 75 charter members and the rooms the club first occupied were over the Lendler & Lydon shoe store near Third on Broadway. The second year of the club's life necessitated the increase of membership to 150 and now the membership list shows two hundred names of the best and most prominent professional and business men of the city.

The club this week moved into its new quarters over the Oehschlaeger drug store at Sixth and Broadway and occupies both the second and third floors. The second floor is fitted out as nicely as it is possible to fit out a suite of club rooms. The first floor is occupied by the reception room, music room, card room, writing room and library while the second floor is the billiard and pool department. The club has added two pool tables lately purchased in Cincinnati, making a total of two billiard and four pool tables. The room is arranged in the latest and most up to date style with plenty of chairs, abundance of cues and is the largest pool and billiard hall in the city.

Tuesday night the club rooms will be opened for inspection. There will be music and refreshments and many ladies will come up to inspect the new quarters. After the opening, the annual smoker will be given.

The directors of the club who have taken such a lively interest in its welfare and who have worked incessantly to make it a success and fixture, are Dr. J. Q. Taylor and Messrs. C. W. Thompson, Henry Diehl, Nolan Van Culin, Robert Reeves and Harry Mayer.

## MUCH GOOD

Is Expected by School Authorities From Change.

The Reason Grades Were Moved to High School Building.

The action taken by the school board last night in transferring the Eighth grade of the Franklin building and the Seventh and Eighth grades of the Longfellow building, to the High school on West Broadway, is the result of much labor and research on the part of Supt. O. M. Leib. He stated relative to the matter:

"I have a tabulated report of the school children embraced in the districts affected by this change, and can say that not in one instance can it be said that any complaint can be lodged for long distance any pupils might have to travel. We have primary pupils who come to school from near 25th. and Broadway a very long distance, and again have some who come from Rowlandtown. We decided that if we could better the teaching facilities and at the same time economize, it would be a wise plan, and the board authorized the transfer. We have cut off one teacher by this and have saved some little in salaries.

"The work at the Franklin and Longfellow buildings for the principals has been decreased by the removal of the grades, and of course the salary was cut just a little. Twenty dollars per month was added several years ago for the work of teaching the Seventh and Eighth grades, and at the Franklin building where the Seventh grade will remain, the principal will receive \$90 per month, but the principal at the Longfellow school, where the Seventh and Eighth grades have been removed, will receive \$80 per month. This is still a raise over the salary formerly paid and seems to be satisfactory."

## CANCEROUS ULCERS

ROOTED IN THE BLOOD.

After the age of 45 or 50, when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly and often a very insignificant scratch or bruise becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that have been on the body almost from birth begin to inflame and fester, and before very long are large eating ulcers.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years, is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer. These old sores are rooted in the blood, and while washes, soaps, salves, etc., keep the surface clean, they are not healing. A blood medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly that this great vegetable blood remedy cannot reach it, and ulcers of every kind quickly yield to its wonderful curative properties. If you have an old sore or ulcer, write us all about it, and medical advice or any information you may desire will be given by our physicians without charge. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

### SUFFERED ALL HER LIFE.

Miss Emma Mellwain Could Find No Relief Until She Took Shoffner's Sure Cure.

Covington, Tenn., March 27, 1901. Mr. M. L. Shoffner,

Shoffner-Hayes Drug Co. To give you a full description how I suffered from indigestion would make a book when written out. Will tell you as near as I can in as few words as possible. I have suffered with indigestion for years, in fact, nearly all my life, but did not know it, until four years past, and my physician told me. He put me on malted milk and a tonic which did me no good, and I lived on the milk nine months without missing a meal. I was almost starved and commenced to get very thin. Then thought it would finally kill me. Up to November 1900, I suffered fearfully, and sometimes I thought every breath would be the last one. I was so weak that I

could walk but a few steps without resting, and vomited day and night, was so badly swollen it was painful to move. My limbs and back hurt me so I couldn't rest day or night. I am sure nobody ever suffered more than I did with indigestion. I had heard of your medicine, Shoffner's Sure Cure, but of course had no faith in it like all others, but in November I decided to try it. I commenced to try it on Friday at dinner and by Sunday dinner had taken six doses, and went down to dinner and ate just what I wanted of everything on the table, and it didn't hurt me at all. I have taken four bottles and am stronger and feel better than I have in years. I tell everybody to take your medicine and advertise it all can. You can use what you please of this letter, and I sincerely hope it will help you sell your medicine. I can truthfully say it is fine for indigestion. I hope God may spare you to live and make this medicine always. With best wishes all along through life for you.

MISS EMMA M'ILWAIN.

"Not for a good half hour; not till every one had grown nervous and Miss Tuttle and one or two of her most intimate friends had gone more than once to her door; not, in fact, till the hour for the ceremony had come and gone and Mr. Jeffrey had crossed the hall twice under the impression that she was ready for him. Then, when weariness was general and people were asking what kept the bride and how much longer they were to be kept waiting, her door suddenly opened and I caught a glimpse of her face and heard her ask at last for her maid. Oh, I repeat that Veronica Moore was not all right that day, and though I have heard no one comment on the fact, it has been a mystery to me ever since why she gave that sudden recoil when Francis Jeffrey took her hand after the benediction. It was not timidity, nor was it fear, for she did not know till a minute afterward what had happened in the house. Did some sudden realization of what she had done in marrying a man whom she herself declared she did not love come when it was too late? What do you think?"

Miss Freeman had forgotten herself; but the impetuosity which had led her into asking my opinion made her forget in another moment that she had done so. And when in my turn I proposed a question and inquired whether she ever again saw the boy who besieged the bride's door with a message, she graciously replied:

"The boy; let me see. Yes, I saw him twice—once in a back hall talking

earnestly to Mr. Jeffrey, and secondly, at the carriage door just before the bridal party rode away. It was Mrs. Jeffrey who was talking to him then, and I wondered to see him look so pleased when everybody in and about the house was pale as ashes."

"Do you know the name of that boy?" I curiously inquired.

"His name? Oh, no. He is one of Raucher's waiters—the curly haired one. You see him everywhere, but I don't know his name. Do you flatter yourself that he can tell you anything that other people don't know? Why, if he knew the least thing that wasn't in everybody's mouth you would have heard from him long ago. Those men are the greatest gossips in town—I wonder what she thought of herself—and so proud to be of any importance."

This was true enough, though I did not admit it at the time, and when the interview was closed and I went away I have no doubt she considered me quite the most heavy person she had ever met. But this did not disturb me. The little facts she had stated were new to me, and repeating my former method, I was already busy arranging them in my mind. Witness the result:

First.—The ceremony of marriage between Francis Jeffrey and Veronica Moore was fully three-quarters of an hour late.

Second.—This was owing to the caprice of the bride, who would not have any one in the room with her, not even her maid.

Third.—The bridal bouquet did not figure in the ceremony. In the flurry of the moment it was forgotten or purposely left behind by the bride. As this bouquet was undoubtedly the gift of Mr. Jeffrey, the fact may be significant.

Fourth.—She received a message of a somewhat peremptory character before going below. From whom? Her bridegroom? It would so appear from the character of the message.

Fifth.—The messenger showed great astonishment at the reply he was given to carry back. Yet he has not been known to mention the matter. Why? When every one talked he was silent. Through whose influence? This was something to find out.

Sixth.—Though at the time the benediction was pronounced every one was in a state of alarm except the bride, it was noticed that she gave an involuntary recoil when her bridegroom stooped for the customary kiss. Why? Were the lines of her last farewell true then, and did she experience at that moment a sudden realization of her lack of love?

Seventh.—She did not go again upstairs, but very soon fled from the house with the rest of the bridal party.

Petty facts all, but possibly more significant than appeared. I made up my mind to find the boy who brought the bouquet and also the one who carried back her message.

But here a surprise, if not a check, awaited me. The florist's boy had left his place, and no one could tell where

he had gone. Neither could I find the curly haired waiter at Raucher's. He had left also, but it was to join the volunteers at San Antonio.

Was there meaning in this coincidence? I resolved to know. Visiting the former haunts of both boys, I failed to come upon any evidence of an understanding between them or of their having shown any special interest in the Jeffrey tragedy. Both seemed to have been strangely reticent in regard to it, the florist's boy showing stupidity and the waiter such satisfaction in his prospective soldiering that no other topic was deemed worthy his attention. The latter had a sister, and she could not say enough of the delight her brother had shown at the prospect of riding a horse again and of fighting in such good company. He had had some experience as a cowboy before coming to Washington, and from the moment war was declared had expressed his intention of joining the recruits for Cuba as soon as he could see her so provided for that his death would not rob her of proper support. How this had come about she did not know. Three weeks before he had been in despair over the faint prospect of doing what he wished. Then, suddenly and without any explanation of how the change had come about, he had rushed in upon her with the news that he was going to enlist in a company made up of broncho busters and rough riders from the west, that she need not worry about herself or about him, for he had just put \$500 to her account in bank, and that as for himself he possessed a charmed life and was immune, as she well knew, and need fear bullets no more than the fever. By this he meant that he had had yellow fever years before in Louisiana and that a ball which had once been fired at him had gone clean through his body without taking his life.

"What was the date of the evening on which he told you he had placed money in bank for you?"

"April 29."

Two days after the Jeffrey-Moore wedding!

Convinced now that his departure from town was something more than a coincidence, I pursued my inquiries and found that he had been received, just as she had said, into the First volunteer corps under Colonel Wood. This required influence. Whose was the influence? It took me some time to find out, but after many and various attempts, most of which ended in failure, I succeeded in learning that the man who had worked and obtained for him a place in this favored corps was Francis Jeffrey.

## CHAPTER XVIII.

I DID some tall thinking that night. I remembered that this man had held some conversation with the Jeffreys at their carriage door previous to their departure from the Moore house, and found myself compelled to believe that only a matter of importance to themselves as well as to him would have detained them at such a minute. Oh, that Tampa were not so far off or that I had happened on this clue earlier! But Tampa was at that moment a far prospect for me, and I could only reason from such facts as I had been able to collect in Washington.

Fixing my mind now on Mrs. Jeffrey, I asked the cause of the many caprices which had marked her conduct on her wedding morning. Why had she persisted in dressing alone, and what occasioned the absorption which led to her ignoring all appeals at her door at a time when a woman is supposed to be more than usually gracious? But one answer suggested itself. Her heart was not in her marriage and that last hour of her maidenhood had been an hour of anguish and struggle. Perhaps she not only failed to love Francis Jeffrey, but loved some other man. This seemed improbable, but things as strange as this have happened in our complex society, and no reckoning can be made with a woman's fancy. If this was so—and what other theory would better or even so well account for her peculiar behavior both then and afterward?

The hour usually given by brides to dress and gladsome expectation was with her one of farewell to past hopes and an unfortunate if not passionate attachment. No wonder that she wished to be alone. No wonder that interruption angered her. Perhaps it had found her on her knees. Perhaps—Here I felt myself seized by a strong and sudden excitement. I remembered the fillings I had gathered up from the small stand by the window, fillings which had glittered and which must have been of gold. What was the conclusion? In this last hour of her maiden life she had sought to rid herself of some article of jewelry which she found it undesirable to carry into her new life. What article of jewelry? In consideration of the circumstances and the hour I could think of but one—a ring, the symbol of some old attachment.

BRINTON B. DAVIS, F. A. I. A

ARCHITECT

Written at Random.

Few people realize what great disturbances are now going on over the surface of the sun. Merely to know that there is a massive dark spot on the sun, without realizing in the least, its vast dimensions, is plainly a useless fact.

One of the spots, and spots are only cavities on the surface of the sun, now visible is large enough to swallow up many worlds like our own. It is somewhat irregular in shape, about 20,000 miles wide and 50,000 miles long.

The existence of the present group of spots was first discovered by one of the high school astronomy students, Arthur Burton. He communicated the discovery to his astronomy professor, who, after a few observations, confirmed the report. Since the discovery a few days ago, the spots have been observed daily. They move from west to east and are now about to disappear around the edge of the sun's disc. They pass entirely around the sun in about 26 days, hence they may reappear in about two weeks, but on the opposite edge first and then gradually pass over the disc again.

As stated above, spots are mere cavities in the luminous surface of the sun. This is not the only theory about them, but is accepted as the most probable. It is based upon the fact that, as the spots approach the edge of the disc they appear as depressions in the surface. The darkest portions, however, give off some light, but only about one per cent. as much as a corresponding area of the luminous surface. At this ratio, the spot is even brighter than a calcium light.

These spots not only disturb the sun, but it is a conceded fact that they are the cause of certain magnetic disturbances, the so-called magnetic storms, and the brilliancy of the Aurora Borealis. They are also accompanied by effects upon the meteorology of the earth, upon its temperature, barometric pressure, storminess and the amount of rainfall.

Sun spots have been observed as an unexplained phenomena for the past three centuries. Galileo, in the year of 1610 was the first to turn his telescope on that luminous body and announce the discovery of the strange movements. Facts have been added from time to time and there still remain numerous unanswered questions.

"Am dis Mistah Sandahs?" excitedly inquired a colored damsel the other day as she pushed her way into the judge's office at the city hall, and focused her gaze on the worthy judge.

"It certainly is," replied the judge, who has grown used to such interruptions, during his long and honored career.

"Well, I wants a wa'at fo' dat yaller wench nex' dooh to me. I dun tote huh t' let me 'lone, and she keeps a'fah me. Yes sah."

"What did she do?" asked the judge.

"Whut'd she do? Dey aint nuthin' she haint dun. She calls me outen ma name ef I's much es poke ma nose outen de do'. She meets me dis mawnin' when I's goin' 'long to fetch Mis' Jones' clo's an' slaps my face an' calls me outen ma name—an' jedge I didn't do nuthin' to dat woman, not a thing, sah."

"Yes, I expect not," responded the court, with satirical incredulity. "I've heard that story before. I expect you are about as much to blame as she, but you can have a warrant if you want one. I expect you'll get into it about as badly as she is in it, though, before you get through. I know you women, you see, and know just how you do."

"Naw sah, naw sah, jedge, fo' God I didn't do nuthin' to mek dat helen smack ma face an' scandalize ma name dat way. Naw sah."

The warrant was issued and the case came to trial. As might have been expected, the woman who was so indignant over the way she had been treated by the "yaller wench," turned out to be the one who was to blame for the whole thing, and was fined more than the other one. She had to work many a week over the wash tub to pay the \$10 and costs, but she was apparently satisfied, as she had the other one fined too, and her vindictiveness was gratified.

It is this same spirit of spite and malice that causes so many cases of malicious shootings, cutting and murder among some classes of colored people, and it crops up in some form nearly every day in police court.

## HEADS CHOPPED OFF

THE CHINESE DIDN'T WAIT FOR A TRIAL.

Harbin, May 20.—Your correspondent went out with a Cossack patrol on horseback and after six hours' ride we encountered a Chinese robber band, which was quickly surrounded and driven toward us on fast horses. There were fifteen of these miscreants, who, when pursued, threw away their plunderbags of tea, flour and much stolen money. The Cossacks formed a circle, into which the Chinese were driven. When the latter saw there was no escape they immediately threw themselves on their hands and knees. The chief of the Cossacks then uttered some word of command and the kneeling Chinese, without the least a do, threw their pigtails over their foreheads, letting them dangle in front instead of behind. Then the Cossacks made them kneel in single file and at a given signal advanced at a gallop and cut the fifteen heads off like so many cabbages.

There was no court martial and, as indicated, very little was spoken during the summary process. The Chinese themselves had not a word or a gesture of protest. They knew that their time was up and accepted their fate like true stoics. The last care bestowed upon the pigtail has two reasons. First, no self-respecting Chinese would like to enter paradise without his pigtail, and, again, the pigtail hanging behind interferes with the Cossacks' ready blade. If one has to die there is no use of prolonging the agony, argue the Chinese.

## EAT EACH OTHER.

CANNIBALISM SAID TO BE PRACTICED BY BELGIAN TROOPS.

Brussels, May 20.—Brussels papers admit that the reports of the English missionaries that cannibalism is rife among the native Belgian troops in Congo and is correct to a certain extent. Here is the latest story of the atrocities committed under King Leopold's flag.

The missionaries passing Arouwimi station found the soldiers sitting around a fire eating human flesh, as indicated by the bones with which the ground was strewn. Near by were found a number of black prisoners of war with bound hands and feet. The soldiers' women guarding them expressed their intention to make a meal of these men as soon as the soldiers got through. These prisoners had been given to them by their captors.

The detachment was commanded by a Belgian officer and sub-officer both of whom stated to the missionaries that they were unable to restrain their men from practicing cannibalism, the constant warfare they were waging against defenseless tribes, in which men, women and children were mutilated, having turned them into savage beasts whose appetites could not be controlled.

## MUST IMPROVE

NEW YORK MINISTER BLAMES IGNORANT MINISTRY.

New York, May 20.—The Rev. Charles Briggs of the Union Theological seminary faculty said in an address at the seminary that an ignorant ministry is doing much to retard the spread of the church and of Christianity.

"Ecclesiastical domination is the greatest foe of theology. The peril of ecclesiastical domination is not dangerous in this country to any extent through the organized ministers and theological schools. The Christian ministry is no longer what it ought to be, where the best educated man in the community is not the minister."

"The public estimate of the ministry and the church declines when the congregation is better educated than the minister. We must have a much higher education than is given in the theological seminaries. It is impossible to believe that the greater number of the world, the heathens, are doomed to eternal damnation. The systematic theology of the future will not be denominational but constructed by the inductive and generic methods of organized theology."

Norfolk, Va.—Arthur C. Humphreys, Spanish consul here and a close friend of the Cervera family, has received a cablegram from Lieut. Luis Cervera, saying: "My father is quite well; the report is a mistake." This is the answer to the press dispatch that Admiral Cervera was dangerously ill.

## A JOLLY THROG

Last Night's Crowd the Largest of the Week.

Many Thousand Passed Through the Gates—Street Car Traffic Immense.

The crowd at the carnival last night was the largest of the week. The grounds were chuck full, and everybody was in a good humor. The people have caught the carnival fever, and a "packed house" tonight and tomorrow night are insured.

"Jee!" ejaculated one of the carnival men who had never been to Paducah before, as he surveyed the seething throng last night. "Dey goes right dotty over de carniville in dis burg, hey?" No answer seemed necessary.

Today there seems to be more strangers in the city than usual. The streets down town have been well filled, and all the various stands and catch-nickle devices on the corners seemed to be thriving.

The street car traffic was something immense. Night before last 9,500 fares were collected on the cars and last night the number probably reached thirteen or fourteen thousand.

All the shows are drawing well at the carnival grounds and the prospects are for another record-breaking crowd tonight.

At last it has dawned upon the public that the carnival is a gigantic project—assuredly the most attractive, the cleanest character, the best managed and by far the greatest in point of high class entertainment. Yesterday everything was in full blast from the main gate to the Big Hippodrome. Everybody, big and little, old and young were there. The Bourke Cochran of carnival orators, George C. Johnson, impressed the crowd of strangers by his eloquent description of the wonders to be seen in the hippodrome and at the trained wild animal exhibition and at the finish of his remarks the listening concourse nearly broke down the ticket boxes in their haste to gain admission and best seats. They were well repaid for their struggle through the crush of humanity in both instances. Captain Ricardo, "The Animal King," who has been for weeks breaking the handsome Puma to ride, jump banners, turn somersaults, etc., expects to introduce the act for the first time before an audience this evening. Madame Von Gort will also add a new feature to her already daring performance with her mixed aggregation of wild beasts. Those who have thought the limit of animal education had been reached, will be astonished by the ability and ease with which the animals perform difficult and intricate tricks never before witnessed by an audience. Mlle. Nilia Daugina, the celebrated Hungarian Premier Danseuse, portrays the enchanting Byzantine dance of the ancients in the midst of her troupe of superb lions. Captain Crawford, known to all showmen as the "man of nerve," will at each performance enter the den of the untamable lion Denoeur. The handsomest and most ferocious beast in captivity. In its entirety it eclipses anything of the kind ever seen here and is worth seeing—worth twice the admission charged. The Hippodrome as I have said before, is strictly first class in every particular, the several great features pleasing even the most blasé or the most fastidious. Victor D. Levitt's Magic Maze is an up-to-date creation that affords the crowds who visit it all kinds of fun, and by the way no one in Paducah has yet gained the reward for finding the lost room. You try it? Lotta is perhaps the most talked of artist on the grounds and draws audiences that fill her theater completely. Loretta, the armless wonder, holds a continuous levee from the opening to the closing of the gates. Creation, with its illustrated songs, moving pictures and illusions has pleased immense houses. The German village is doing a nice business and moreover it is well conducted. Not a sign of rowdiness since the first minute of its opening.

The local promoters of the fair and Colonel P. J. Mundy, the owner of the attractions, have left nothing undone to promote the pleasure and happiness of the visitors and as the object for which it is given is a good one these last two days should break the record of Paducah carnival enterprise.

Judge William Reed, of the McCracken circuit court, Judge James Campbell and other prominent attorneys, were conspicuous in the carnival grounds last night. They took in all the shows and joined into the fun of throwing confetti and receiving large doses of it in return. Everybody was jolly and enjoyed the festivities immensely.
